CONSERVATION COMMISSION REPORT

The Commission wishes to express deep appreciation to John Sherburn French for the 17 acres wet land property (French Meadow) and to Caman Trust and Mrs. Nealy for land given to the Town. It is a water shed for Bow Lake and assures a flow of clean water for the lake. A map of this area has been made and researched from funds given with a grant from the Ford Foundation.

The Town Forest has been mapped by the students from the Thompson School of Applied Science at the request of the Conservation Commission's Forestry Committee which was greatly appreciated. A Town Forest sign was made from recycled material and has been placed. There have been several work parties to lay out some trails. We have had the help of Forestry and Wild Life professionals on State and County levels to determine the best possible management of the Forest. These services are provided at no cost to the Community.

We have had open meetings conducted by our Wet Lands and Forestry Committees.

Our active committees are Wet Lands, Forestry, Wildlife, Education (library).

There were two new members appointed to the Conservation Commission— Mrs. Jo Ann Brown, Secretary-Treasurer and Mr. Richard Nelson.

CIVIL DEFENSE REPORT

This year, through a change in the basic Federal authorization, increased emphasis is being placed on the capabilities of the town to react to natural disasters and such emergencies as a power loss. As in the past our CD program is geared to the utilization of existing town units such as the Police Department and Fire Department to carry out our program.

We were fortunate during the past year to acquire, at a cost of \$50.00, through the Federal Surplus Property Program a tank truck which has been assigned to the Center Strafford Fire Department. Work is continuing on the Surplus Army truck acquired last year for conversion to a tanker to be assigned to the Crown Point Fire Department. Firemen's jackets and boots were acquired at little cost to the town through the same source. Work continues on the kitchen of the Bow Lake Grange Hall by the Community Club with financial assistance from the Bow Lake Camp Owners Association. This action will provide the town with a group feeding area in case of an emergency.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire; remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned — 1972 season:

State	410 fires	361 acres burned
District	102 fires	55½ acres burned
Town	5 fires	1 acre burned and 2 spot fires

REPORT OF ROAD AGENT

Again the bulk of the years appropriation went towards general maintenance for the town roads. Extra work projects included in the budget were:

Sections of existing dirt roads, widened and graveled:

- Skenety from the old Vorman place to the McEven's.
- Evan's Mt. Road from Curtine to Al Berry's new place.
- Trubenback Road.
- Bow Lake end of the Old Ridge Road.

Resurfacing of black top roads:

- Upper end of Bow Lake Road from new section of State road to the Northwood Line.
- Road past Lauris Browne.
- Existing tarred section of Blue Job.
- Cross road between the 1st and 2nd Crown Point Roads.

REPORT OF THE PLANNING BOARD

Official meetings of the Planning Board were held since the last report. The Board submitted a series of amendments to the present Zoning and Land Use Ordinance at the 1972 Town Meeting. Two involved clarification of present wording, while the others covered regulations for Mobile Homes, Trailer Parks and Campground regulations. All proposals were voted down by the Town. The Planning Board has not submitted any other changes for consideration at this Town Meeting.

Two new members of the Board were appointed by the Selectmen: Wesley Pierce to take former Chairman Raymond Grant's place, whose term had expired, and John O'Brien to fill the remainder of the unexpired term of Fred Lundberg.

The Board's principal activity over the past year involved actions required under the Zoning and Land Use Ordinance and the Subdivision Regulation of the Town. Hopefully, during the coming year the Board will have the time to work on other important aspects of Town Planning.

RURAL DISTRICT HEALTH COUNCIL ANNUAL REPORT

January 1, 1972 – December 31, 1972

The Rural District Health Council is continuing to provide comprehensive health services to the member towns: Northwood, Nottingham, Deerfield, Barrington, Strafford, New Durham and Middleton. The nurses provide visiting nurse services as ordered by the physicians, and physical, occupational and speech therapy is available through a contractual agreement with the Portsmouth Rehabilitation Center. There is an active Family Planning Program for anyone interested.

The Well Child Clinics continue to be a very important part of the program. Monthly clinics were held at the Deerfield Community Center for preschool children from Northwood, Nottingham and Deerfield with Dr. William Whitney of Exeter as attending physician. The New Durham Community Center is the site for a monthly clinic for preschool children of New Durham and Middleton with Dr. Wendy Tinklepaugh of Amherst, N. H. attending. In August, a new monthly clinic was initiated at the Barrington Congregational Church for preschool children of Barrington and Strafford with Dr. Tinklepaugh in attendance. Physical examinations and immunizations are done at each of these clinics.

In August, Mrs. Madeline Sullivan moved from the area and Mrs. Ardala Houle has been employed to fill the vacancy. Miss Arlene Thorne continues in the program with a dedication known to all who have the privilege of knowing her. These two nurses provide excellent care for their patients and their spirit of cooperation is a great factor in the continuing success of the Rural District Health Council.

Recently, the towns of Farmington and Milton have expressed interest in joining the Rural District Health Council. This is to be acted upon at their town meetings. The Council representatives are also investigating the possibility of locating the office in one of the member towns and establishing the agency independent of the Portsmouth Rehabilitation Center. With the continued

expansion of the Council, the coming year could prove to be a busy one for all involved in the program.

The Rural District Health Council has been supported by the funds contributed by the towns at a rate of \$1.00 per capita, a state grant and fees for service.

Anyone interested in the program or needing the service is asked to contact Mrs. Cynthia Blood at the Portsmouth Rehabilitation Center, Tel: 436-5716, or a representative of the Rural District Health Council in his town.

STRAFFORD GUIDANCE CENTER, INC.

The Strafford Guidance Center is a community mental health agency with offices in Dover. It is accredited under the state Community Mental Health Centers Act, RSA 126:B, and is qualified to receive state and local funds from both public and private sources.

The services of the Strafford Guidance Center are available to all residents of Strafford County without regard to ability to pay. In the last fiscal year, members of the Guidance Center Staff treated a total of 904 patients, people of all ages, only a small percentage of whom were able to pay the Center the full value of services rendered. Attached is a chart indicating the extent of patient use in your community in the last year.

The Guidance Center exists to provide a needed public service. To provide that service it needs public support. The total operating budget last year was \$153,571.00. The Guidance Center Finance Committee anticipates operating costs of \$165,508.00 in the fiscal year beginning July 1, 1973. This figure reflects only the anticipated increase in salaries and operating expenses to maintain present programs. Of this amount \$33,850.00 must be raised locally from public and private sources in the County.

The Guidance Center Finance Committee is requesting all towns and cities in Strafford County to share, on a proportionate basis, the burden of meeting operating costs at the Center during the next year.

To meet anticipated operating costs in the coming year, the undersigned request that the following amount be included as an appropriation for the Strafford Guidance Center in the School district budget for the present year: \$600.00.

The staff and members of the Board of Directors of the Guidance Center will be pleased to meet with you at any time to provide you with whatever information you may require with regard to this request.

POLICE DEPARTMENT
January 1, 1972 — December 31, 1972

The information given is the third year report of the Strafford Police Department.

In the past year the Department has acquired a State Police Monitor which enables us to talk directly with the State Police Cruisers in Strafford County and has been relative to faster service to the citizens of this community.

In the same vein, the Strafford Dispatch Center located in the Sheriff's office has been more than beneficial to the needs of people getting faster and better service when needed. We had a record of 39 such calls to handle since the inception of the Dispatch Center on the first of August 1972.

The Officers of the Department notified all people who were delinquent in paying their taxes relative to dogs being licensed.

Every year a new heading reaches our list. There have been reported four (4) cases where children have been bitten by dogs. We would like to point out that all cases should be reported to this Department and to the Health Officer in town.

This year there are a lot of miscellaneous calls. These are the type that can not be listed in categories.

On behalf of the men in the Department I would like to thank the inhabitants of the Town of Strafford for their support during the past year.

Respectfully submitted,
EDGAR BURROWS
Chief of Police

STRAFFORD COUNTY DISPATCH CENTER (Projected work load and cost for 1973-1974)

The Center is in full operation and is working better than I expected. The work load is increasing each week and the seven departments and your department are doing an excellent job of providing ample manpower to cover all calls.

Based on the work load of past few weeks, I feel that in 1973, we will have 25,000 telephone calls and 75,000 radio transmissions at the center. At least half of this work will be county related (Sheriff's Department, County Attorney and County Medical Referee).

The seven towns of Farmington, Rollinsford, Barrington, Milton, Strafford, New Durham and Middleton make up the bulk of the other half. Towns and cities not being dispatched by us make up only about 1% of our total work load.

As I indicated in my letter to you on January 13, 1972, the cost would be less if all ten towns wanted to be dispatched from one location. To date, only seven have done so, even though the center could handle all ten at very little extra cost.

The projected cost made last year was ample for 1972. In 1973, we started without Manpower funding and the grant from the Crime Commission will run only until July 1, 1973. This will cut off all outside funding and will require additional funds locally.

In view of this, I would recommend that \$8,000.00 be put in your budget on account #160 and the seven towns be advised that their cost could go to \$1.00 per capita starting July 1, 1973 (making 1973 cost \$.75 per capita based on the 1972 population figure). This will prevail if no additional grants are approved.

Estimated 1973 Receipts Acct. #160		Estimated 1973 Expense Acct. #160	
Sheriff's Dept.	\$ 8,000.00	160 A Salary	\$20,569.00*
7 Towns (Jan. - June)	2,846.00	160 B Telephone	1,800.00
7 Towns (July - Dec.)	6,260.00	160 C Supplies	<u>200.00</u>
Bal. of Grant, Gov. Comm			
Gov. Comm.	<u>5,463.00</u>		
TOTAL	\$22,569.00	TOTAL	\$22,569.00

*Includes 3 full time dispatchers, each at \$5,669.82 per year, 110 days at \$20.00 to cover all days off and vacations, and for county share of retirement fund and Blue Cross and Blue Shield.

The future looks bright with the plans for a new court house becoming a reality with a communications room included and a new teletype system due to be installed for a trial period by Gov. Com. on Crime and Del.

For 1974, I feel our work load would have increased to 35,000 telephone calls and 110,000 radio transmissions and 5,000 teletype messages. This could only require one additional person on days to pick up a part of the load.

With the coming of the new court house with possibly a central telephone system, I would strongly urge the telephone system switchboard be put in the communications room and the operator could handle overload on days. (Note: Rockingham Dispatch Center has switched to this only this week and an extra switchboard is too expensive.)

The cost for 1974 would remain about \$30,000.00 and with the population increasing in the seven towns, I would estimate their 1973 population at 15,000.

At \$1.00 per capita, this would finance half the cost of the dispatch center.

I feel that this is the most feasible system for the County and Towns. The type of service you are providing could not be provided as well and for any less money at any other location.

Respectfully submitted,
PAUL R. GELINAS
Communications Officer

As you can see by the enclosed letter from our Communications Officer, Paul Gelinas, dated January 13, 1973, the cost of operating the Dispatch Center will not go up very much this year, but county and towns cost will go up as indicated at meeting on July 24, 1972 because of less of outside funding.

In order to insure adequate funding, I will include \$8,000.00 in my budget and your share will increase to \$1.00 per person per year starting July 1, 1973, unless outside funding becomes available.

<u>Payment Due</u>	<u>1-1-73</u>	<u>4-1-73</u>	<u>7-1-73</u>	<u>10-1-73</u>	<u>Total 1973</u>
Farmington	442.75	442.75	905.00	905.00	2,695.50
Rollinsford	279.00	279.00	594.00	594.00	1,746.00
Barrington	231.62	231.62	594.00	594.00	1,651.24
Milton	229.37	229.37	509.00	509.00	1,476.74
Strafford	117.87	117.87	254.00	254.00	743.74

Middleton	50.37	50.37	113.00	113.00	326.74

It would appear that the cost of \$1.00 per capita per year should carry the Center in the future with all paying only their share based on work load.

I would like at this time to thank everyone who has helped make this joint venture possible, thus upgrading law enforcement by providing this much needed service at a reasonable cost.

Very truly yours,
HAROLD R. KNIGHT
Sheriff

CENTER BARNSTEAD FIRE DEPARTMENT

We of the Center Barnstead Fire Dept. urgently request the town of Strafford to raise the sum of \$1,500, this being your share of the expense (total of \$15,000), for the hiring of two men for the ensuing year to operate our ambulance during the day-time hours. The rest of the 24-hour period will still be covered by our volunteer firemen without pay.

We will continue to maintain our ambulance by the voluntary contribution method we have used the past thirteen years.

The above figure arrived at by using the year-round population in the seven towns we serve computed at \$1.50 per person per year.

*Ungraded

As one reflects upon the years which have passed, one can only have mixed feelings relative to the population growth of a rural community such as Strafford. On the one hand, there appears to be an exodus from the city to the country, while on the other hand the nostalgia engendered by the gradual passing of the rural attributes of life makes one wonder as to the benefits one receives due to the infusion of "new blood". One may note that in the School District report for 1962-63, there was an enrollment of ninety-five pupils in grades one through eight. Now, ten years later, the figure is 185. The census indicates that this growth will continue.

The problem of school space, at least for a few years, had seemingly been solved even with the growth of population, when the District took two actions. Namely: the assignment of pupils in grades 7 and 8 to the Rochester AREA School and the addition of two more classrooms to the building. However, a short time ago the District voted on November 16, 1972, to take whatever action is necessary to withdraw these two grades from the AREA School. As was pointed out by your School Board at that meeting, this action, as a consequence, requires district action favorable to the construction of additional classroom space in order that Grade 1 and Grades 5, 6, and 7 will each have a standard classroom. This would free the auditorium for more community use, as originally intended, and would also make possible the expansion of school activities in the areas of physical education, music, assemblies, and the like.

Despite the handicap of double grades, we have been most fortunate in being able to retain a highly competent and experienced staff. The newly implemented departmentalized program is worth-while, even though each classroom is also being used for study hall purposes. The teachers who have implemented and coordinated this program are Mrs. Higgins, English; Mr. Boyle, Social Studies, and Mrs. Sukduang, Science. Each of these teachers also teaches arithmetic.

The interest in the youngsters has not been limited to the educators alone, as SAY has devoted much time and energy in giving help where it is most needed. The volunteers furnished by SAY are to be commended, as well as the labor furnished in erecting athletic equipment, and making other physical improvements on weekends. SAY has worked closely with the administration and School Board and has offered its services many times.

For the interest of the voters and citizens, it seems wise to make a brief explanation of the changes caused by the more recent interpretations and developments relating to the federal Elementary and Secondary Education Act, Title I.

If the District is to continue to receive the benefit of Title I funds, there are some conditions which must be met.

If a Title I program has been funded for three years by federal monies, and has proven to be valuable, the local district should adopt the program. This point has been reached in regard to the Teacher's Aide.

A second factor, which is also critical, is to be found in the following quotation from the publication of the New Hampshire Title I Office in Concord and issued by the director.

... this office would no longer be able to approve what was termed "non-cooperating cooperative projects." The implications of this move are several. Whereas, in the past it has been possible for the several school districts in a cooperative project to conduct separate and distinct Title I activities, this will no longer be possible. It, therefore, becomes obvious

that when the smaller districts join together to form a cooperative project, it will have to operate on the basis of shared services for disadvantaged children ...

... Additionally, we will be seeking justification related specifically to the local situation explaining why any program of less than \$10,000.00 is not being combined ...

Therefore, starting in November of 1972, the districts of Barrington, Northwood, Nottingham, and Strafford began a series of several meetings of their School Boards in an effort to cooperate in the interests of disadvantaged children. The final outcome of these meetings has not been determined at this time.

In closing, we would like to thank the citizens of Strafford, the School Board, the staff, and the pupils for their fine cooperation.

Respectfully submitted,

CHARLES H. MORGAN

REPORT OF THE SCHOOL NURSE

Our school health program continues to change, through improvement and expansion of services. Routine inspections with vision and hearing tests are but a small part of the services offered during the school year.

The following areas were covered during the last school year:

Dental Health and Education— Appropriate pamphlets, film strips, records or sound films were used at all grade levels during the school year. The fall program began with a visit from the State Hygienist and the prophylaxis clinic got underway, with Mrs. Anne Huckins as Hygienist. Once again the SAY and the New Hampshire Dental Public Health Department sponsored this very worthwhile project, when 126 students received care. This year, with the assistance of the Strafford Women's Club and the Division of Public Health, a matching fund program helped four of our students obtain dental care: x-rays, examinations, fillings and extractions. Dr. Peter Low was the dentist and we appreciate his interest and concern for the students of our school. It is our hope that we continue with this type of program.

Clinics— The entire school personnel was tested for tuberculosis by the New Hampshire Tuberculosis Association.

Mothers from the Strafford Co-op Kindergarten sponsored a preschool "lazy eye" clinic— 21 tested for vision, 2 non-testable, 23 tested for hearing, 1 failed and was referred for further testing.

The annual "booster" clinic, made available by the New Hampshire Bureau of Public Health, was directed by Dr. Richard Roy. Vaccines for immunization were offered to first and eighth grade classes and several preschool children. Diptheria-tetanus— 27, oral polio— 14, measles— 2.

New Hampshire State Law RSA-200:38, now requires all children, "prior to school entrance," to have the following:

1. Measles Vaccine (having had the disease is acceptable when verified)
2. Oral Trivalent Polio Vaccine
3. Diphtheria, Pertussis, Tetanus (DPT)
4. Rubella Vaccine
5. Tuberculin Test (within one year of school entrance)
6. A physical examination by the family doctor.

Health and Safety Education— Films and materials for classroom use were obtained from: the T.B. Association, Heart Association, State Education Department, Bureau of Dental Health, National Dairy Council, Fish and Game Department. These films were on the following subjects: smoking, nutrition, dental care, personal safety, growth and development, and personal hygiene.

The school health service should not only implement the State Standards, but encourage the good physical health, and mental well-being of our students. Through the continued interest and involvement, by all the members of our community, we can

- help promote better health
- get better students
- and better students make better citizens.

My sincere appreciation to all those who helped our health service program this year.
